

INTRODUCING OUR NEW SCHOOL TOOL ...

We're excited to announce our new school management system – **RenWeb School Management Software**. We're in the process of setting up RenWeb's **ParentsWeb** – a private and secure parents' portal that will allow parents to see academic information specific to their children, while protecting their children's information from others.

All you need is an Internet-capable computer to view information such as:

- | | |
|---|--|
|  Attendance |  Discipline |
|  Daily Grades |  School Calendar |
|  Progress Reports |  School Announcements |
|  Report Cards |  Staff and School Directory |
|  Transcripts |  Teacher Email Addresses |
|  Lesson Plans |  Teacher Websites |
|  Homework |  Customized Web Surveys and Tests |
|  Missing Assignments |  Other Useful School Information |

RenWeb offers two versions of ParentsWeb depending on your Internet access: a low-speed version for dial-up users, and **ParentsWeb 2.0** for users with high-speed Internet access. To learn more about ParentsWeb 2.0, please click on the attached link or cut and paste it into your web browser:

Once we have ParentsWeb up and running, we'll provide you with instructions for logging in and viewing information. We look forward to your participation. Together we can improve our children's academic development and the communication between our school and your home.
