The CDE will finalize its adoption process by the end of the indicated school year and public implementation will occur during the next school year. FRM schools will begin their curriculum review and materials adoption in the following school year. Newly adopted materials will be implemented in FRM schools the second year following the CDE.

Example:

1. CDE completes its mathematics adoption by June 2001
2. Public schools purchase and implement new mathematics materials in the 2001-2002 school year.
3. FRM schools complete a mathematics curriculum review and materials adoption in the 2002-2003 school year.
4. FRM schools purchase and implement new mathematics materials in the 2003-2004 school year.
